Becoming the Beatles - The Live Musical Documentary

Date and Time: Friday, February 23 08:00 pm - 10:00 pm

Address: 333 King St., Midland, ON L4R 3M7

This theatrical event weaves together over 300 stunning projections, 20 live songs and fascinating behind-the-scenes stories. Yale-educated musician/storyteller Haley Marie orchestrates these elements as she guides you through the history-making events and heartbreaking moments of the Beatles.

With years of research and musical analysis at her fingertips, Haley Marie delivers a world-class performance about four lads, how they rose to incredible fame, their connection to classical music and how they changed the world forever.

Becoming the Beatles is definitely not a tribute act. It's a show about four boys: one born during an air raid, one who had to reverse the strings on his guitar to make sense of it, one who stayed up late practicing with tears in his eyes and another who couldn't read or write until he was eight. It's also the story of a visionary young producer who was desperate to find his way out of the 'comedy division' at Parlophone records.

Haley Marie's in-depth analysis reveals the re-awakening of a world devastated by war, the genius of oppressed musicians in the Deep South, the unexpected inspiration from the classical greats and the heartbreak from the death of the band's biggest idol.
